Anita Sarawak adds more glamour to this sexy red sofa

Lavishly Italian

Italian furniture can be custom-made to fit any home, both small and big, writes **Zuhaila Sedek**

WHEN Hari Raya approaches, many families start thinking about new looks for their homes. You can add a fresh coat of paint, buy new curtains or a new rug. Or you can get a new set of furniture.

Classic Italian is a popular choice and Empire Classic Furniture, whose brand ambassador is singer Anita Sarawak, is famous for such designs. Empire Gallery executive director Christine Choo says all items are handmade and imported. Italian furniture is special as the designs are unique and of quality craftsmanship.

Sofa and dining sets are popular during the festive season when guests and family gather.

Italian furniture lends a sense of lavishness to both big and small homes.

"It can cater to every requirement because the items can be custom-made. For example, if you are staying in a small- or medium-sized apartment, choose a three-seater sofa set and complement it with stools or an armchair," advises Choo.

If the bedroom is small, she suggests putting a bed and a nightstand only. "Get an Italian-style walk-in wardrobe," she says.

Empire Gallery is offering discounts of up to 80 per cent during its Mega Raya Sales promotion at all its stores nationwide. It ends on Aug 12. Details at www.empire-classicfurniture.com.my or www.empire-onlinestore.com **zuhaila@nstp.com.my**
